Fort Stewart Georgia 31314

IMSE-STW Regulation 420-4
25 July 2011

Public Works
HUNTING, FISHING, AND RECREATIONAL USE

THIS PUBLICATION IS ONLY AVAILABLE ON THE INTRANET

Summary. Fort Stewart (FS) has been open to public hunting and fishing since 1959. This regulation or a comparable regulation has been in effect since public hunting and fishing was initially authorized. This regulation was originally published on 29 March 1984. A Change 1 to this edition was published on 20 March 1985 and a Change 2 was published on 29 March 1989. The second edition was published on 18 October 1995. The third edition was published on 8 May 1998. A Change 1 to the third edition was published on 2 November 1998. The fourth edition was published on 27 Dec 1999. The fifth edition was published on 22 May 2002. The sixth edition was published on 21 September 2005. This regulation establishes policies and outlines responsibilities and procedures relative to the control of hunting, fishing, and other recreation activities on FS and Hunter Army Airfield (HAAF). This regulation also provides a discussion of associated safety requirements, and policies for recovery of stray dogs, littering, and accidental collision with a deer or hog by motorists. This publication contains an IMR as defined by AR 335-15.

Applicability. This regulation is applicable to all persons residing on, employed on, or visiting FS /HAAF and is subject to change without prior public notice. Violations of this regulation will be subject to appropriate criminal sanctions and/or disciplinary action as outlined in paragraphs (Para) 1-4d, 1-4e, and 1-4f below. During periods of mobilization, the requirements of this regulation will remain in effect. There are no requirements for unit commanders.

Supplementation. Supplementation of this regulation is prohibited. The proponent of this regulation is the Directorate of Public Works (DPW) Fish and Wildlife Branch. Only the Garrison Commander, Fort Stewart GA, may approve changes to this document.

Suggested Improvements. Users are invited to send comments and suggested improvements via E-Mail to tim.beaty@us.army.mil, or on a written memorandum, or a DA Form 2028 (Recommended Changes to Publications and Blank Forms) through channels to the DPW, 1177 Frank Cochran Drive, Fort Stewart, GA 31314.

Distribution: This regulation is distributed solely through the FS Intranet Homepage at <https://intra.stewart.army.mil>.

INDEX – Page 36

CHAPTER 1-GENERAL

1-1 PURPOSE

This regulation establishes policies and outlines responsibilities and procedures relative to the control of hunting, fishing, and other recreational activities on Fort Stewart/Hunter Army Airfield (FS/HAAF). Hereafter, the term "Installation" includes both FS/HAAF unless specifically referred to separately.

1-2 REFERENCES

Required and related publications are at Appendix A.

1-3 EXPLANATION OF ABBREVIATIONS AND TERMS

Abbreviations and special terms used in this publication are explained in the glossary.

1-4 POLICY

a. The primary mission of this Installation is to provide training space and other related military use of land and water resources. Land and water resources deemed available for public recreational use and enjoyment will have controlled public access, subject to safety and military security requirements and will not impair the military mission. Installation staff will strive to post area status accurately and avoid conflicts between military training and recreational use. Ultimately, however, it is the responsibility of the sportsman to yield the right of way to Soldiers conducting training, or Installation staff conducting management/maintenance activities (prescribed burning, road maintenance, etc.). If a sportsman encounters training or Installation management activities within or en-route to an area for which he/she has been granted recreational access, the sportsman will promptly and courteously comply with any guidance provided by the Soldiers or Installation personnel (move to the road shoulder, dim lights, leave the area, etc.). Failure to comply with such direction is a violation of this regulation.

b. Hunting, fishing, and trapping within this Installation will be in accordance with (IAW) applicable Federal and Georgia State laws, Army regulations (ARs) (i.e., AR 200-1 and AR 215-2), FS/HAAF regulations, the Integrated Natural Resources Management Plan for FS/HAAF (see references).

c. Enforcement of this regulation and other regulations applicable to the control of hunting and fishing on this Installation will be accomplished by the Directorate of Emergency Services (DES).

d. Punitive Provision. This regulation is punitive in nature. Military violators of these provisions may be prosecuted under the Uniform Code of Military Justice or may be subject to administrative action. Civilian violators may be subject to administrative action (revocation of permit, etc.), may be barred from the Installation IAW paragraph 1-4E of this regulation or prosecuted under Federal law or Georgia law in Federal Court.

e. The Garrison Commander's authority to suspend or revoke the Installation hunting or fishing privileges of any person, military or civilian, who violates the provisions of this regulation or applicable Federal or Georgia State laws and regulations is hereby delegated to the DES. Violation of laws and regulations by dependents and guests of permit holders may result in the suspension or revocation of the sponsor's permit as well as that of the offending dependent or guest (see Appendix B for periods of suspension). In addition, civilians may be subject to proceedings barring them from access to the Installation under the provisions stated in Chapter 1-5 of this regulation.

f. In the event of suspension or revocation of recreational privileges, the DES shall provide a written notice detailing the specific grounds for suspension or revocation. Permit holders will have five working days to request appearance before the DES in order to show cause why their privileges should not be suspended or revoked. If the hearing cannot be granted within the five working day period, the suspension or revocation will not become effective until such time as the hearing is held. Permit holders may submit written appeals to the Garrison Commander, ATTN: Staff Judge Advocate (SJA), Headquarters, 3d IN Div, 76 McNeely Road, Fort Stewart, Georgia 31314, within 10 working days of suspension or revocation.

g. Each sportsman is responsible for knowledge of and compliance with this regulation, the current Georgia Department of Natural Resources/Wildlife Resources Division regulations, and the applicable U.S. Department of Interior regulations pertaining to fish and wildlife that may be changed or revised as needed and published periodically.

h. All personnel must access Installation at established security gates and must access training areas from GA Highways 119 or 144.

i. A number of all citations, warnings, or subpoenas issued by Installation law enforcement personnel for violations of state or federal laws/regulations pertaining to natural resources will be provided to DPW each year in conjunction with the annual review of the Integrated Natural Resource Management Plan (INRMP) with GA Department of Natural Resources (GA DNR) and US Fish & Wildlife Service (USFWS).

1-5 RESPONSIBILITIES, AUTHORITY, AND JURISDICTION

Exclusive Federal jurisdiction exists on all training areas of the Installation. The Garrison Commander may eject violators of game and fish laws or FS/HAAF regulations from the Installation and prohibit their re-entry under Title 18, United States Code (USC), Section 1382. All Federal lands under exclusive legislative jurisdiction are areas of special territorial jurisdiction. Violations of Federal statutes on the Installation that pertain to fish and wildlife statutes are Federal offenses (Title 18, USC, Sections 7 and 13). Georgia State laws may be assimilated when applicable, or when no Federal fish and wildlife statute applies to an offense. To prevent conflicts with training, all outside law enforcement agencies requesting access to the Installation must coordinate with the DES prior to entering. Violations of the Assimilative Crimes Act (Title 18, USC, and Section 13) are considered Federal offenses and are enforceable by Federal officers. A Georgia State Officer may exercise authority as a Federal Officer only if that officer is serving at the time in a dual capacity as a State and Federal Officer (e.g., State of Georgia Wildlife Ranger as deputized Federal Officer). Federal and Deputy Federal Game Agents and other Federal law enforcement agents are authorized to detain, question, apprehend, and search persons or possessions, including vehicles, when there is probable cause to believe an offense has been committed.

a. The DPW will:

(1) Plan and carry out all fish and wildlife management through the use of biologically sound fish and wildlife management techniques.

(2) Provide expertise and support to the Garrison Commander in order to ensure Installation compliance with restrictions set forth in the Endangered Species Act (ESA) and amendments, and other applicable laws.

(3) Recommend hunting season opening and closing dates, bag limits, creel limits, size limits, and other regulations governing the harvest of fish and wildlife resources. Such regulations shall be established IAW with applicable Federal and State laws and Army Regulations, and posted at Pass and Permit and on the hunting/fishing websites.

(4) Act as the proponent of this regulation and coordinate the efforts of various Installation activities to ensure effective, integrated management and stewardship of the Installation's natural resources.

(5) Notify the Directorate of Plans, Training, Mobilization, and Security (DPTMS), the Directorate of Family, Morale, Welfare and Recreation (DFMWR), and the DES Game Wardens when training areas or ponds/landings are closed for management purposes and when they can be reopened for recreation.

(6) Maintain records as appropriate to monitor harvest levels and document population trends.

(7) Provide for the control and capture of nuisance animals in the training areas outside of the cantonment area on the Installation.

b. The DFMWR will:

(1) Sell Hunting and Fishing Permits and issue Area Access Passes for the purpose of hunting, fishing, camping, and other outdoor recreational activities on the Installation.

(2) Coordinate with the DPTMS to maintain a current list of areas open for recreational use. This list will be posted by DFMWR personnel in an area that is accessible to sportsmen at all times.

(3) Issue and collect big game harvest cards.

(4) Regularly maintain and update the automated phone check-in/check-out system.

(5) Schedule, and publish guidelines for "Controlled or Managed" hunts.

(6) Distribute a copy of this regulation to each permit holder.

c. The DPTMS will:

(1) Provide periodically to DFMWR Outdoor Recreation and DES Conservation Law Enforcement Branch a list of all areas on the Installation and indicate which areas are closed and which are open for recreational use. (RCS EXEMPT: AR 335-15, paragraph 5-2).

d. The DES Conservation Law Enforcement Branch will:

(1) Provide technical support to the Garrison Commander on all aspects of natural resource law enforcement.

(2) Enforce all Federal, State, and Installation hunting, fishing, and trapping laws and regulations as they pertain to this regulation.

(3) Plan and conduct investigations for all violations of Federal, State, and Installation laws and regulations.

(4) Direct all Federal Wildlife Agents on the Installation.

(5) Provide for the control and capture of nuisance domestic animals in the cantonment area of the Installation.

1-6 GEORGIA LICENSE AND FS/HAAF PERMIT REQUIREMENTS

a. Any person requesting permission to pursue recreational activities on this Installation must obtain an Installation hunting, fishing, or recreational permit. No fishing permit is required to fish the saltwater area of the Forrest River from Lott's Island. The individual must also possess and exhibit the appropriate State of Georgia Hunting or Fishing License and photo ID. Dependent children, as defined in this regulation, are authorized to hunt or fish under their sponsor's permit and will be issued a "Dependent Child Permit" at no cost upon request of the child's sponsor.

b. All individuals who do not qualify as a dependent child of a permit holder are required to purchase their own annual or daily permit. Dependent children of permit holders possessing a "Dependent Child Permit" may legally hunt or fish under their sponsor's permit. Children under 16 years of age must remain under the direct supervision of their permit holding parent or guardian when hunting. Any civilian or Family member under the age of 18 is prohibited from the use of firearms, unless accompanied and supervised by a parent or legal guardian over the age of 18.

c. Completion of a National Rifle Association Hunter Safety Course is required before hunting on the Installation, regardless of age. All valid hunter safety certificates issued upon completion are good for the life of the hunter. Hunter Safety Certificates issued by any of the 50 states are recognized as valid for use by hunters on the Installation. All hunters must present their Hunter Safety Certificate when purchasing their hunting permit and carry the certificate while hunting.

d. Soldiers who are honorably discharged from the military and whose hunting and fishing privileges on the Installation have not been suspended for cause may continue to use their original permit until it expires.

e. Soldiers who are deployed or their Family members may present documentation of deployment dates and receive an extension for their permit equal to the number of days deployed.

f. Annual type permits for hunting and fishing entitle only those individuals and their dependent children the right to hunt or fish on the Installation. One day hunting and fishing permits entitle individuals and their dependent children the right to hunt or fish on the Installation for the day issued.

g. The DFMWR Pass and Permit Offices at FS/HAAF are the only agencies authorized to sell and issue FS/HAAF Hunting and Fishing Permits. All annual FS/HAAF fishing and hunting permits are valid for one year from the date of purchase. All daily FS/HAAF fishing and hunting permits are valid only for the specified 24-hour period issued.

h. All archery hunters must obtain an Archery Qualification Card every year prior to archery hunting on FS/HAAF. Archery Qualification Cards will expire 1 September every year. Archers must place 2 out of 3 arrows into a 9-inch diameter circular target at both 20 yards and 30 yards from an elevated platform. Qualifying will be accomplished by using field tips; no broad-heads will be allowed. The shooting sequence will be in the following order: top left circle, top right circle, and if required, bottom circle. Shots will not count unless this sequence is followed, and only 1 shot per target is allowed. Archers failing to qualify may re-schedule for a later qualification session. The Archery Qualification Card must be in the hunter's possession while hunting on the Installation. Qualification sessions will be conducted at both Fort Stewart Pass and HAAF Permit Offices. Shooters will be charged a \$5 qualification fee in addition to the Installation hunting permit to cover labor cost while executing the qualification process.

1-7 CLEARANCE TO ENTER TRAINING AREAS

a. Users must check into their desired training area prior to leaving the state highways or otherwise entering the Installation. Anyone who desires to use the Installation for recreational

purposes must check with DFMWR Outdoor Recreation (Pass and Permit Office) to ascertain which areas are open and check in using the automated phone system. All users must check in and out of training areas via the automated system upon completion of their trip. Access is only valid for the day issued beginning from one and one-half hours prior to official sunrise to not later than one and one-half hours past official sunset, except camping passes that are valid for the current and next day.

b. The possession of the appropriate permit grants the holder permission to pursue recreational activities on the Installation. However, it does not guarantee or authorize access to all areas of the Installation. The permit does not constitute a guarantee of access on any or all days, because all or parts of the Installation may be closed for training, safety, management activities, or security reasons, or all available hunting or fishing areas may be filled at the time access is requested.

c. All permit holders are issued a photo ID card that serves as their access pass along with a vehicle parking pass upon purchasing a hunting, fishing, or combo pass. These access passes (the ID card and vehicle pass) are only valid when the individual checks in via the automated system. All occupants of the vehicle must display their individual vehicle parking pass on the dashboard of the vehicle such that it can be read through the windshield.

d. When hunters need additional time after the official checkout time to retrieve a wounded animal they must first check out of the automated system to avoid suspension and then contact the Game Warden's office at 435-8013/8021/8032. If no answer, then call Central Dispatch at 767-2822/2823/2824 to contact a Game Warden for assistance to retrieve the animal. Hunters who do not provide correct emergency contact telephone numbers will be suspended until they provide Pass and Permit with valid telephone numbers.

e. If the automated system is inoperative, users may check-in or check-out at the appropriate Pass and Permit Office. Check in will be accomplished in person. Check out may be accomplished by dropping a check out slip in the box at the Pass and Permit Office.

f. Access for hunting will be authorized for one day and one area only. Users checking in to access the river (fishing, float trips, etc) may check into as many as 3 areas adjacent to the river at once and must be checked into one side of the river to access that portion of the river. Hunters and anglers may not enter into any area that they are not checked into and may not discharge their weapon into any closed area. Users must be check into the area where their vehicle is parked. When entering the Canoochee River by boat from off the Installation, users must be checked into the phone check-in/check-out system to travel that area of the river.

g. Individuals desiring to gig frogs may check in for two consecutive days; from 0001 on the day issued to 2400 of the following day unless the area has a night vision training restriction, in which case the frog gigger must clear of the area no later than one and one-half hours after sunset. Frog gigging access shall be authorized for one area and is required for all areas, ponds, and river landings. Access will only be granted for multiple days when the requested areas are open throughout the designated period.

h. Persons found in any training area on FS/HAAF during the time they do not have a valid current access pass are subject to prosecution for the appropriate offenses (for example: trespassing, night hunting, etc). Personnel are authorized to be in only those areas for which they have checked in except when traveling to and from those areas by the most direct route from Installation highways that is cleared by Range Control for recreational use. Roads between two areas that are closed for training (i.e. not listed on the area status sheet) cannot be travelled to gain access to an area that is open for recreational use. EXCEPTIONS: To gain access to the "B" and "C" training areas when they are open for recreation, the portion of FS Road 68 between GA Highway 144 east and the Canoochee River and the portion of FS Road 67 between GA Highway 144 east and the Canoochee River may be travelled when training areas B-1 and B-24, and C-18, respectively, are closed for recreational use. Users may access B-3 when it is open for

recreation via FS Road 50 when B-2 is closed and off-limits for recreation. FS Road 36 may be travelled from GA HWY 144 to access D-11 when it is open for recreation. When B-8 is open, it may be accessed from GA HWY 144 via FS Road 47.

i. An Installation hunting, fishing, or combo pass is not required for access to the skeet range, paintball facility, or firearms range. However, registration at both facilities is required prior to use. Users are not required to check into Holbrook Pond or Pond 10 of FS to fish by using the phone check in system. However, anglers must possess a valid permit and obey posted signs at Pond 10 and Holbrook Pond. Holbrook Pond Recreation Area closes at 2200 hours, to include fishing. No camping or fires outside the established grills is allowed around the pond.

j. An individual who serves as a helper-companion for a disabled hunter is not required to possess a FS/HAAF hunting permit as long as that helper-companion obtains an appropriate access pass and does not hunt or possess a weapon while accompanying the disabled hunter. The helper-companion must wear 500 square inches of fluorescent orange material above the waist while accompanying the disabled hunter. See paragraph 5-6. The accompanying helper-companion must remain with the permit holder. Helper-companion access passes will not count against the number of access passes allowed for any given area.

k. An individual who serves as a helper-companion for a disabled angler is not required to possess a FS/HAAF Fishing Permit as long as that helper-companion obtains an appropriate access pass and does not fish or possess a fishing rod or pole while accompanying the disabled angler. The accompanying helper-companion must remain with the permit holder.

l. Family members or guests age 16 or older who do not possess a valid FS/HAAF Fishing Permit may accompany a permitted angler; however, the accompanying persons must obtain an access pass and must not fish or have a fishing rod in their possession. The accompanying family members or guests must remain with the permit holder. Children under the age of 16 may accompany their sponsor and fish without a FS/HAAF Fishing Permit.

m. Dependents who are not hunting may accompany hunters who are checked in for hunting, provided that hunters secure a recreation pass for their dependents. Dependents must wear 500 square inches of fluorescent orange as an outer garment above the waist-line and will not possess a hunting weapon. It is recommended that dependents attend a hunter safety course.

n. In the event of a hunter failing to check-out by the required time each day, the hunter's name will be referred to the Chief, Conservation Law Enforcement Branch for appropriate legal procedure (i.e., issue a citation or suspension IAW this regulation). The automated check-in/check-out system will exclude that individual from accessing the system for seven days. Only the Chief, Conservation Law Enforcement Branch, or his duly appointed representative, can reinstate the individual to the automated system following the execution of appropriate legal procedures set forth in this regulation.

o. Personnel may fish any waters located in any area that DPTMS Range Control has designated as open for fishing, except waters that are closed for management reasons. Authorized access is required when fishing all areas, ponds, and river landings.

1-8 HARVEST REPORTING

a. All harvested game and feral hogs will be reported through the automated phone system. In addition, FS/HAAF harvest cards will be issued to hunters for both deer and turkey seasons. Hunters on the Installation are required to record all harvests for the appropriate season on their harvest cards. Issued harvest cards must be returned to the Pass and Permit Office within 30 days of the ending of the respective season. Failure to return either of these cards within the given time frame will result in a one year suspension of hunting and fishing privileges on the Installation.

b. Hunters may not remove a deer from the place of harvest until both the state and Installation harvest cards have been completed appropriately in ink. Hunters may not remove a turkey from the place of harvest until turkey harvest records have been completed appropriately.

c. During posted hours of operation, all harvested deer on FS must be brought to the check station for collection of biological data. Additional check stations may be used to collect harvest data for other game animals. Hunters are required to bring all harvested game to check stations during posted hours of operation. A notice of hours of operation and prohibiting the field dressing of deer on FS will be posted at the Pass and Permit Office and on the hunting website.

d. Individuals on HAAF who harvest a deer are not required to register their deer at the check station on FS during posted check station hours.

CHAPTER 2 - HUNTING AND FISHING RESTRICTIONS

2-1 HUNTING

a. Hunting season dates, bag limits, and area status sheets will be posted at the Pass and Permit Office well in advance of their effective dates. Such posted regulations are a part of this regulation and have punitive effect. It is the sportsman's responsibility to be informed of the current regulations. Baiting, or the possession of bait to entice wildlife is prohibited.

b. Legal weapons for hunting shall be in accordance with Appendix C. The use or possession of buckshot on this Installation is prohibited.

c. The construction of permanent tree stands is prohibited, except for permanent stands that are used for the Installation's Managed Still Hunt. Portable tree stands are allowed.

d. Feral hogs are the property of the Installation and are not game animals. They may be hunted year round, except during turkey season in shotgun and firearms areas. Within areas that are designated for archery equipment only, hogs may be hunted year round, including during turkey season. There is no bag limit restriction. The legal weapons to take hogs are listed under appendix C of this regulation.

e. Waterfowl may not be hunted after 1200 (noon). Evening/roost shooting is prohibited. Duck hunters may hunt ducks from a boat in the rivers and tributaries on FS/HAAF. Firearms may not be carried loaded in powered watercraft. Waterfowl hunters may not discharge a firearm from such craft unless the engine is not running, the "foot" is out of the water, and all forward movement of the watercraft has halted.

f. Hunting is prohibited within 100 meters of any building, fence, or managed fishing pond. However, frog gigging and waterfowl hunting is authorized at P-2, P-17, P-22, P-23, P-26, P-28, and P-34. The discharging of a firearm is prohibited within 50 yards of an established road or trail. Hunting is prohibited in the portion of training area A-18 between road 47 and the tank trail that runs parallel to road 47.

g. Pursuing wildlife at night is prohibited, except for frog gigging and fishing. Firearms possession while frog hunting is prohibited. A State fishing license is required when pursuing frogs in the water with a gig or spear. A FS/HAAF Fishing Permit is required to pursue frogs. An appropriate access pass is also required.

h. Hunting with dogs is limited to treeing, pointing, or retrieving breeds when hunting quail, dove, squirrel, and waterfowl or as authorized by the Garrison Commander on special managed hunts. Hunting with squirrel dogs will be limited to the periods from the beginning of squirrel season to the beginning of archery season and from the end of firearm deer season to the end of squirrel season.

i. Dogs used for waterfowl hunting may be trained or exercised only at Pond 4 and Pond 34. During training, the dog must wear a collar with the owner's name, address, and phone number identified on the collar. It shall be unlawful for dog trainers to have in their possession any firearms except a handgun with blank ammunition.

j. Dog trainers may use pen-raised quail and a shotgun year round to train pointing dogs under the following conditions. They must possess a purchase receipt for the quail being used for training, must possess a Georgia small game hunting license, must possess an Installation permit and be checked into the automated system, and must possess size #7 ½ shot or smaller. Pen-raised quail may be released and used for training purposes in training areas A-6, A-7, A-8 and A-10 only. It shall be unlawful to run deer with dogs while training. It shall be legal to train pointing dogs with live pen-raised quail.

k. Hunting of any wildlife species for which neither the State of Georgia nor this Installation has established a closed season (coyotes, armadillos, etc) is authorized year round. This does not apply to feral hogs or coyotes. See appendix C for seasons and legal weapon use for feral hog and coyote hunting.

l. The use of any type of trap, snare, net, catch, pitfall, deadfall, baited hook, salt lick, blind pig, or any other device except authorized hunting weapons is prohibited, except that the Garrison Commander may make specific exceptions for organized training purposes (e.g., military survival training).

m. The taking of coyotes on FS/HAAF is allowed during daylight hours only. See Appendix C for legal coyote hunting weapons. Electronic calls may be used to harvest coyotes (it is unlawful to take game animals using an electronic call). Electronic calls will not be used during big game deer and turkey seasons. There is no established bag limit for taking coyotes. Possession of recorded game calls (i.e. sounds of deer, turkey, waterfowl, etc) is prohibited.

n. A Quality Deer Management Area (QDMA) is established in the following areas to enhance the opportunity of harvesting a trophy whitetail deer: E-12, E-13, E-14, E-15, E-16, E-20, E-21, and E-22. Additional antler restrictions beyond the State requirement apply in these areas. No antlered buck (male deer) will be harvested in this QDMA that does not have at least four points (one inch or longer) on one side of the antlers.

o. No hunting is allowed south of FS Road 79 in training area B-13.

p. Ammunition storage areas and ammunition holding areas are off-limits at all times within 100 meters of the fence line or designated areas.

q. The following military facilities are off-limits at all times for recreational purposes: landing strips, live fire range openings, range impact areas, heliports, range towers, buildings, and training areas that are not available for recreational activities.

r. Roadblocks, barriers, gates, chains, restricted area warning signs, or sentinels will not be overrun or bypassed for any reason. Hunting areas and fishing sites are identified by letter and number designation as shown on FS/HAAF hunting and fishing maps. All recreational users are required to become familiar with the maps and regulations before engaging in recreational activities.

s. No person may hunt or operate a watercraft on the Installation in excess of 0.10 blood alcohol content (BAC) or under the influence of drugs. Hunters are prohibited from possessing alcohol or controlled substances on their person or within their vehicles while on FS/HAAF during hunting seasons. In addition to being subject to prosecution, such person's FS/HAAF hunting or fishing privileges may be permanently revoked or suspended (permit may be confiscated by law enforcement personnel). An area access pass will not be issued to any person under the influence of an intoxicant. Violators of this paragraph may be subject to penalties for violation of

Georgia State law, which prohibits public drunkenness (Title 16, Chapter 11, Section 41, Official Code of Georgia Annotated).

t. The driving of deer with people is prohibited.

u. Hunters are prohibited from re-entering training areas while in possession of quartered or processed game that was harvested on a previous hunt. Quartered or processed game prevents law enforcement personnel in the field from identifying the gender and possibly the species of the game.

2-2 WEAPONS AND AMMUNITION

a. Weapons may be transported or stored in vehicles only for an authorized purpose. Stopping at the Pass and Permit Office for hunting supplies or stopping for meals while transporting a weapon is authorized. See Appendix C for legal weapons for hunting on the Installation.

b. Weapons will be carried in an open manner (not concealed). State concealed weapon carry permits are not honored on FS/HAAF. Firearms will be unloaded when carried (i.e., projectiles physically separated from the firearms, not just removed from the chamber) except when actually engaged in hunting or shooting. Fixed blade knives will be carried in a sheath or scabbard. Crossbows will be transported in the un-cocked position. Bolts or arrows will be physically separated and stored separately from the crossbow.

c. Transportation of firearms that have an overall length greater than 21 inches in vehicles is permitted provided the weapon is unloaded and in plain view, or unloaded in a carrying case, or secured in a storage compartment. Ammunition must be physically separated from the firearm and not be stored in a magazine, speed loader, clip, or other similar device that is not readily accessible by the vehicle occupants.

d. Transportation of firearms that have an overall length of 21 inches or less in vehicles is permitted provided the weapon is unloaded with the ammunition is physically separated from the firearm and secured in an authorized storage compartment. An authorized storage compartment is an area where the firearm is not readily accessible to the occupants from the inside of the vehicle. If traveling in a car, the authorized storage area is the trunk. If in a vehicle without a trunk (sports utility, station wagon, etc), the weapon will be stored at the farthest distance from passengers of the vehicle. If traveling in a truck, the authorized storage area is in the bed of the truck or behind the seat. If the firearm is stored behind the seat, it must be inside a carrying case or, if no case is used, a trigger lock must be used. The glove compartment of a vehicle is NOT an authorized storage compartment for firearms.

e. Transportation of loaded firearms upon horses or boats is prohibited. Hunting from horseback is prohibited. Hunters may not discharge a firearm from watercraft unless the engine is not running; the "foot" is out of the water and all forward movement of the watercraft has halted. The firing of center-fire rifles, rim-fire rifles and muzzle-loading rifles from a watercraft is prohibited.

f. Only archery equipment may be used for hunting in Training Areas A-20, B-5, D-1, D-3, D-4, E-2, F-20, and H-2, H-3, H-4, H-6, H-7, and H-8. Archery hunting is allowed within the following areas of the Cantonment Area on FS: G-1, G-2, G-3, G-4, G-5, and G-6. The boundaries of these areas are marked on the ground with signs and maps will be provided on the hunting website and at the Pass and Permit Office. Archery hunting inside the FS cantonment area will be allowed on Thursday from 1500 until dark (30 minutes after official sunset) and all day (30 minutes before official sunrise until 30 minutes after official sunset) on Saturday, Sunday, and Federal Holidays. All other weapons are prohibited. Training areas A-15, A-16, A-17, A-18, B-6, F-13-14, F-18, F-19, H-1, H-5, H-9, H-10, and H-11 are designated for the use of shotguns (slug only), black powder weapons or archery equipment for hunting. Center-fire rifles and center-

fire pistols are prohibited in these areas. Rim-fire weapons are allowed in training areas A-15 and B-6.

g. Ammunition authorized for hunting purposes under the applicable Federal and Georgia State laws and regulations may be used except hunters using shotguns to hunt deer or feral hog on the Installation will be limited to the use of shotgun slugs. The use or possession of full patch "solid" military ball-type ammunition while hunting is prohibited. Possession of buckshot is prohibited.

h. Possession of firearms in the pursuit of wildlife while in an Installation training area by anyone who does not have a valid access pass for the purpose of hunting is prohibited.

i. Weapons will be registered IAW AR-190-11 and applicable installation policies.

2-3 FISHING

a. Game fish creel and length limits for Installation ponds and lakes will be established by DPW Fish and Wildlife Branch and posted at the DFMWR Pass and Permit Office, on the website, and at each pond. Creel and length limits for game fish in the rivers and streams are established by the Georgia Department of Natural Resources and are published annually in their sport fishing regulations. Pond game fish restrictions may vary from one pond to another and are subject to change as necessary to maintain high quality fish populations. Pending changes to the creel and length limits will be posted at Pass and Permit well in advance of their effective date. Such posted restrictions are a part of this regulation and carry punitive authority. It is the angler's responsibility to be informed of the current regulations for the waters in which they fish.

b. Any or all lakes, ponds, rivers, and other bodies of water on the Installation are subject to closure by DPW Fish and Wildlife Branch for pond management purposes, DPTMS Range Control for military training purposes, or DES Conservation Law Enforcement for law enforcement purposes. A list of managed fishing ponds is in Appendix D of this regulation. Fishing will be prohibited during such periods of closure. Appropriate notices will be posted at the DFMWR Pass and Permit Office.

c. Commercial fishing is prohibited on the Installation.

d. Taking of fish by any means other than a pole and line from any waters on the Installation is prohibited, except that trotlines, set (bush) hooks, or jug (float) hooks may be used IAW State regulations in the Canoochee and Ogeechee Rivers and their tributaries. Trotlines, set hooks, and jug hooks must be marked with the fisherman's name and address and may not be left unattended. Trotlines, set hooks, and jug hooks must be removed at the end of the fishing trip. Use of trotlines, jug hooks, or set hooks while fishing in any waters other than those where their use is specifically permitted by this paragraph is prohibited.

e. Use of poisons, explosives, seines, cast nets, traps, fish toxicants, electro-fishing equipment, or any similar device that might be used for taking fish and turtles is prohibited except as specified below for the taking of fishing bait or crayfish. Minnow seines and cast nets may be used in roadside ditches and canals on FS/HAAF for taking of non-game bait fish for personal recreational fishing purposes. Use of rakes or dip nets for the taking of crayfish in ditches and canals is also authorized on FS/HAAF. However, use of dip nets or rakes for taking fish, salamanders, or crayfish from cypress ponds on the Installation is prohibited. Non-game fish, salamanders, and crayfish captured for bait shall not be sold or otherwise used for commercial purposes.

f. When a seine is used for the collection of non-game bait fish, it shall be unlawful to use a seine that is longer than 20 feet or that has a mesh larger than three-eighths of an inch square, or in diameter, if the mesh is not square. It shall be unlawful to take any game fish by minnow

seines, dip nets, or rakes and all game fish taken incidentally in these seines, dip nets, or rakes shall be immediately released unharmed into the waters from which they were taken.

g. Use of crab traps and cast nets are authorized at Lott's Island Outdoor Recreation facilities at HAAF for the harvest of shellfish and bait fish in brackish and saline waters IAW the Official Code of Georgia Annotated and associated regulations.

h. Use of landing nets to land fish legally caught by hook and line is allowed.

i. Moving or transferring of fish from one body of water to another is prohibited. Releasing or stocking of any fish into any waters of the Installation is prohibited, except for returning fish to the waters from which they were taken.

j. Intentional release or disposal of baitfish in such a way as to allow their entry into any waters of the Installation is prohibited (i.e., dumping out a minnow bucket upon completion of fishing for the day).

k. The use of internal combustion motors in managed ponds, as identified in Appendix D, is prohibited. Electric motors are allowed in these intensively managed waters.

l. During the National Fishing Week (as designated by the President of the United States) or other special events, children under 16 years of age may be encouraged to fish on the Installation by providing special incentives. The incentives may apply for all or part of National Fishing Week and to any or all waters on the Installation. The event details for each year shall be developed jointly by DFMWR Outdoor Recreation and DPW Fish and Wildlife Branch and shall be posted at Pass and Permit prior to the beginning of National Fishing Week. The incentives may include: (1) restricting use of certain waters to children only or (2) granting special access privileges to non-permit holders who wish to take their children fishing. Such access shall be granted at no cost, but shall NOT entitle the accompanying adult, nor any other person over 16 years of age to fish or (3) waving the Installation permit requirements.

m. The harvest or removal of grass carp (*Ctenopharyngodon idella*) from any pond is prohibited.

n. The commercial or recreational harvest of any native freshwater mussels by any means is prohibited on FS/HAAF.

o. The cantonment area of FS is off-limits for fishing except at Pond 10. Fishing from bridges is not allowed on FS/HAAF. No fishing is allowed in the Canoochee River from highway 119 (Clifton Bluff Bridge) to Landing 7.

CHAPTER 3 - OUTDOOR RECREATION ACTIVITIES

3-1 BOATING AND WATER RECREATION ACTIVITIES

All persons engaged in any type of aquatic activities (boating, fishing, military water operations, etc) must comply with all applicable Federal and Georgia laws and regulations, and Army Regulations. Personnel must also check with the Pass and Permit Office to ascertain which waterways (streams, rivers, lakes, and ponds) are open prior to engaging in any permitted aquatic activity as defined by this regulation. This may be accomplished by checking in via the automated phone system.

a. All lakes, ponds, rivers and streams on this Installation are off-limits to recreational swimming, water skiing, jet skiing, aquaplaning, and scuba diving.

b. Privately owned motorboats, as defined by Georgia law, shall meet the Georgia State Licensing (registration) requirements.

c. Any person operating any watercraft on the waters of this Installation shall comply with the applicable Federal and Georgia State safety rules and regulations relative to boat equipment, operation, lights, and navigation rules ("watercraft" means any boat or craft other than a seaplane, used or capable of being used as a means of transportation on water). For example, watercraft (boats, canoe, kayak, etc.) must have as many approved personal flotation devices (life preserver, vest, buoyant cushion, ring buoy, etc.) of the type required for the class of boat, as there are persons aboard. Personal flotation devices must be readily accessible.

d. On this Installation the following additional restrictions and limitations apply:

(1) Children under 10 years of age and all non-swimmers must wear a U.S. Coast Guard approved vest-type PFD at all times while in watercraft.

(2) Privately owned watercraft may not be moored or stored on or near waters within the Installation except at authorized facilities designated by DFMWR. Unidentified or unattended watercraft will be confiscated by the Military Police and held for appropriate disposition.

(3) Speed of power driven boats shall be reduced to 5 miles per hour (mph) (no wake) when passing other watercraft or fishermen.

(4) No watercraft will be loaded or operated with passengers or cargo beyond its safe carrying capacity. (**NOTE:** Most watercrafts have a capacity plate.)

(5) The use of internal combustion outboard motors will only be allowed in the Canoochee and Ogeechee Rivers. No internal combustion outboard motors will be permitted in any ponds or lakes. When internal combustion outboard motors are operated, they will not be operated in a reckless, careless, or negligent manner; while the operator is under the influence of alcohol, harmful drugs, or narcotics; or in a manner likely to cause excessive damage or disturbance of land, wildlife or, vegetation.

(6) The use of internal combustion-type motors to power watercraft is authorized for Law Enforcement, Fish and Wildlife Branch, and other Department of Defense personnel in the performance of their official duties on all waters of the Installation.

3-2 MOTORIZED LAND VEHICLE (MLV) USE

This section governs the use of privately owned and operated MLVs, including off-road vehicles (ORVs) and all terrain vehicles (ATVs), IAW AR 200-1. Unless expressly stated, nothing in this section shall operate as an exception to any other regulation regarding access to or recreational use of this Installation.

a. Definitions.

(1) A "privately owned MLV" is defined as any land vehicle powered by electricity, internal combustion engine, or anything other than human power, not owned or authorized for use by the United States Government. Examples include cars, trucks, motorcycles, and ORVs such as four-wheeled ATVs.

(2) "Established trails" are those numbered and unnumbered roads that either:

(a) Receive maintenance from the US Army for the purpose of access; or

(b) Are repeatedly used by wheeled vehicles during military training exercises or other wheeled vehicles used in the performance of official duties (i.e., Forestry and

Wildlife Management, log trucks, etc.). Cross-country trails created and primarily used by tracked vehicles are NOT considered established trails for the purpose of this regulation.

(3) A "blackout drive" is a military activity whereby wheeled or tracked vehicles operate at night without head lights or parking lights.

(4) A "DIV light line/night movement area" includes all areas west of GA Highway 119 and north of GA Highway 144 and all firing ranges where blackout drive is used by military vehicles.

(5) "ATVs" are those four-wheeled and three-wheeled all terrain cycles and two-wheeled all terrain motorcycles, and similar machines designed for travel on un-improved terrain and not licensed for use on paved roads.

b. Rules for Vehicle Use.

(1) The use of ATVs on FS/HAAF numbered roads and established trails is prohibited except as noted in paragraph 3-2b(7) of this regulation. All vehicle traffic is restricted to state highways, county roads, FS/HAAF numbered roads, and established trails as defined in paragraph 3-2a(2) of this regulation. Cross-country travel on natural terrain is NOT permitted except as noted in paragraph 3-2b(7) of this regulation.

(2) Except for handicapped persons using an ORV as provided in paragraph 3-2b(7) of this regulation, the use of a vehicle for hauling or trailing any other motorized vehicle, whether licensed for use on public roads or not, is prohibited. This restriction shall not apply to vehicles merely passing through the Installation on the state highways not engaged in any recreational activity addressed by this regulation.

(3) All MLVs must be licensed and registered IAW state law and Army Regulations (must have current state license plates). Vehicles that cannot meet licensing requirements may not be used, except for those ATVs used by disabled persons as authorized in paragraph 3-2b(7) of this regulation.

(4) Vehicles shall not be operated in a reckless, careless, or negligent manner (i.e., in excess of established speed limits); while the operator is under the influence of harmful drugs or narcotics; in a manner likely to cause excessive damage or disturbance to the land, wildlife, humans, or vegetation; or from sunset to sunrise without lighted headlight and taillights.

(5) All persons operating vehicles must have a valid operator's permit for the type of vehicle they are operating.

(6) Loaded firearms may not be transported in or on vehicles at any time IAW paragraph 2-2e.

(7) Hunting or fishing shall not be conducted while operating or while in or upon a vehicle, except individuals who are classified as a disabled person as defined in this regulation may use the vehicle as a mobility vehicle. For example, a paraplegic may utilize a vehicle to fish a managed pond or hunt utilizing the vehicle as a hunting stand. Proof of disability must be provided on request by law enforcement personnel. This proof of disability shall include a memorandum from Conservation Law Enforcement verifying eligibility. Nothing in this paragraph shall be construed as giving anyone permission to hunt from or transport a loaded firearm on a moving vehicle. Disabled persons may use ATVs as a means of vehicular conveyance so as to allow them the opportunity to hunt and fish on FS/HAAF.

(8) Vehicles shall not be operated to chase, corner, corral, channel, drive, trap, or otherwise harass wildlife, or in areas known to contain breeding game or game resting areas.

(9) All privately owned MLVs are prohibited from entering DIV light line/night movement areas scheduled for blackout drive operations.

c. The following requirements apply to all ATV cycle operators on Fort Stewart.

(1) Speed will not exceed 30 mph. All ATV operators must yield to all pedestrians and other non-ATV traffic.

(2) The ATV operator must wear a safety helmet with face shield affixed while operating the vehicle.

(3) All ATVs must conform to applicable State laws, including those with respect to pollutant emissions, noise, and registration requirements.

(4) No ATVs may operate unless equipped with brakes in good working condition.

(5) The ATV rider must complete the DFMWR/Pass and Permit course of instruction on ATV safety before operating an ATV on FS/HAAF. Riders must have proof of course completion in their possession while operating an ATV.

3-3 HORSE RIDERS

This section governs horseback trail riding on FS. Patron eligibility will be in accordance with Army Regulation 215-1.

a. Responsibilities.

(1) Riders must possess a recreation permit before riding on FS. A recreation permit may be purchased at the Ft. Stewart Pass and Permit Office, located off HWY 144 East, Building 8093.

(2) Riders must sign a statement of understanding acknowledging that they have read, understand and agree to fully comply with the rules and procedures set forth for horseback trail riding on Ft. Stewart.

(3) Parents/guardians are responsible for the safety of and conduct and compliance with rules by their family members and guests.

(4) Children under the age of 16 must be accompanied by a responsible adult.

(5) Riders must provide documentation of required/current immunizations administered by a licensed veterinarian.

(a) Annual requirements for rabies, Tetanus, Rhinopneumonitis, Equine Influenza, and negative coggins test.

(b) Bi-annual requirements for Equine Eastern & Western Encephalomyelitis and West Nile 3.

(6) Individual permits must be carried by the rider and vehicle passes of all riders must be displayed on the dash of the vehicle.

(7) Riders will have in their possession current shot records and tests while riding on Fort Stewart.

(8) Each rider must log into and out of the riding areas via the automated phone check-in/check-out system. Legal riding hours will be from official sunrise to official sunset.

b. Policies and Procedures.

(1) Riders can only ride in training areas A-18 and A-20 when open for recreational use and are encouraged to use the established roads and trails within each area. Riders should remember that military training in nearby training areas may produce loud reports from pyrotechnic simulators and blank ammunition.

(2) Cross-country travel is permitted, however not recommended. Riders must remember that the area is used for military training maneuvers and also open to hunting activities year round.

(3) Horse trailers may only be parked in authorized staging areas.

(4) The use of horses upon the perimeter tank trails surrounding A-18 and A-20 is authorized but riders must exercise caution and yield to all vehicle traffic.

(5) Riders may not ride in or around the Holbrook Pond Recreation Area and/or campground.

(6) Riding or hitching horses in campgrounds, picnic areas, or within the immediate vicinity of trail shelters, eating or sleeping establishments or other areas of public gatherings, except where trails and facilities are designated or provided for such use, is prohibited.

(7) Riders shall slow their horses to a walk or slow trot when passing persons on foot or other riders.

(8) Riders must keep horses out of planted food plots within the authorized training areas.

(9) Transporting loaded firearms while riding is prohibited. Hunting in conjunction with horseback riding is prohibited. Riders cannot possess weapons within their vehicles at the staging area or on their person while riding their horses.

c. Safety.

(1) A helmet, approved for equestrian sports and secured by a chinstrap, is mandatory for all riders under the age of 18 and inexperienced riders, any time they are mounted.

(2) All riders must wear 500 square inches of florescent orange above the waist while outside the established staging area.

(3) All horses must wear a florescent orange collar at all times.

(4) Mounts may be allowed to graze in open common areas as long as they are either hobbled (with a halter left on) or on a lead line held by an appropriately responsible person and the grazing does not intrude on the activities of other patrons. Mounts WILL NOT be tied to graze. Hobbled mounts will be supervised at all times.

(5) No person may horseback ride on this reservation while under the influence of an intoxicant (alcohol or drug). Riders are prohibited from possessing alcohol or controlled substances on their person or within their vehicles while on Fort Stewart/HAAF. In addition to being subject to prosecution, such person's FS riding privileges may be permanently revoked or suspended (permit may be confiscated by law enforcement personnel). An area access pass will not be issued to any person under the influence of an intoxicant. Violators of the paragraph may be subject to penalties for violation of Georgia State law, which prohibits public drunkenness (Title 16, Chapter 11, Section 41, Official Code of Georgia Annotated).

3-4 HIKERS, PICNICKERS, NATURE WATCHERS, AND OTHER NON-CONSUMPTIVE RECREATIONAL USE

Hikers, picnickers, and nature watchers may use any area that is open for recreation. All persons not having an annual hunting or fishing permit desiring access for recreation must purchase an annual recreation permit from the Pass and Permit Office. This pass will enable users to obtain authorization to access an area through the automated check in system prior to entering. Users must wear 500 square inches of fluorescent orange material above the waist while conducting their activities in the field. Users will check in using the automated pass and permit system. The access pass must be displayed on the dashboard of the vehicle such that it can be read through the windshield.

3-5 OUTDOOR RECREATION AREAS AND CAMPING

a. Off-Installation organized groups may obtain permission through the Public Affairs Office (PAO) to use recreational areas for picnicking, camping, bird watching, nature hiking, and similar activities. Coordination with the Pass and Permit Office will be accomplished by the PAO.

b. Personnel who desire to use the Installation for camping must possess a valid installation fishing, hunting, or recreation permit and check-in using the automated pass and permit system. Camping in conjunction with hunting is prohibited except at Holbrook Pond Campground.

c. Firearms are prohibited at all camping sites except at the Holbrook Pond Campground. All firearms should be stored in a secure manner, unloaded, and out of sight. The utmost care for security of personal weapons is required.

d. The DFMWR Outdoor Recreation Branch operates the Holbrook Pond Campground at Holbrook Pond Recreation Area. Camping is available at this camping facility for a nominal fee for recreational users IAW AR 215-2. Registration for use of Holbrook Pond Campground is accomplished at the Outdoor Recreation Equipment Service Center, Building 8325. Complete instructions will be furnished when registration is accomplished.

e. Except as authorized in paragraphs 3-5A-D of this regulation, camping is not permitted on the Installation.

f. Persons with a valid FS/HAAF Hunting, Fishing, or Recreational permit may use authorized picnic areas while engaged in recreational activities.

CHAPTER 4 - THREATENED AND ENDANGERED SPECIES PROTECTION

a. Under the Endangered Species Act of 1973, the "taking" of any federally protected species is prohibited and punishable under appropriate civilian and military laws. "Take" or "taking" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. It is the responsibility of all persons who hunt or fish on the Installation to be familiar with threatened and endangered species that occur on the Installation. An informational handout and a copy of the current FS REG 420-4 will be provided to each sportsman at the time a permit is purchased. Although threatened and endangered species enjoy special protection under the Endangered Species Act (federal law) and Endangered Wildlife Act (state law), hunters are reminded that all wildlife (songbirds, non-poisonous snakes, etc.) is protected by state law. Only game animals and game birds may be harvested in accordance with seasons, bag limits and regulations established by the Georgia Department of Natural Resources and this regulation. Hunting, capturing, or harassing non-game wildlife is prohibited.

b. Certain activities may be prohibited in endangered species habitat. The particular restrictions will vary depending on the needs of each species. Restricted areas will be marked, as necessary, by DPW Fish and Wildlife Branch. Entry into areas marked as "off-limits" is prohibited.

c. Off limits areas to protect bald eagle nests and other important habitat may be posted as needed.

d. The eastern indigo snake is listed as threatened. These large, non-venomous snakes live in gopher tortoise burrows. Consequently, damage to these burrows is prohibited, as well as "gassing" burrows for other snakes residing in these burrows. The introduction of any foreign object or material in these burrows is prohibited. The gopher tortoise is a state listed species and is protected from capture or harassment.

CHAPTER 5 - SAFETY

5-1 GENERAL

Safety is everyone's responsibility. To avoid injuries and possible loss of life, all recreational activities must be accomplished in a safe and responsible manner.

a. Some of the restrictions and limitations imposed in the preceding paragraphs are partially or primarily based upon safety considerations.

b. The feeding, harassing, or taking of alligators is prohibited.

c. Swimming is prohibited in Installation ponds, lakes, streams, and rivers.

d. It shall be unlawful to hunt, trap, possess, collect, or transport any venomous snakes on FS/HAAF. All non-venomous snakes are currently protected under Georgia law.

5-2 ACCIDENTS AND CASUALTIES

Any person discovering or having knowledge of an accident or casualty (injury or death) occurring on FS/HAAF will notify the following, as appropriate, by the fastest means available. Within the Installation boundary, persons may use the emergency telephones along GA Highway 119 or GA Highway 144 to call one or more of the following (telephone numbers are for FS/HAAF):

a. Call 911 or an administrative number at 767-2822/2823/2824.

b. Military Police Desk Operations, telephone 767-4895/2965 and 352-6133/6134/6135.

c. U.S. Army Hospital, telephone 435-6161 (ambulance) or 435-6666 (Emergency Room).

d. DPTMS Range Control, telephone 767-8100/8777 435-8184/8777.

e. Aircraft Crash Report, telephone Fire Divs at FS/HAAF 911. Remain at a location where you can act as a guide for crash and other emergency vehicles.

f. Game Warden, telephone 435-8013/8021/8032.

g. Installation Safety Office (ISO), FS telephone #'s 767-7880/7878, HAAF telephone #'s 315-5814/4901.

5-3 FIRES

a. To report a forest or brush fire, notify one or more of the following by the fastest means available. On post persons can use the emergency telephones along GA Highway 119 or GA Highway 144 and call one or more of the following:

(1) Fire Division at FS/HAAF, telephone 911 or an administrative number at 767-2822/2823/2824.

(2) Forestry Branch, DPW, telephone 767-2598/8736.

(3) Military Police Desk Operations, telephone 4895/2965 and 352-6133/6134/6135.

(4) Aircraft Crash Report, telephone Fire Division at FS/HAAF, 911.

(5) Call 911 or an administrative number at 767-2822/2823/2824.

(6) DPTMS Range Control, telephone 435-8184/8777

b. Open fires are prohibited, unless approved by DPTMS Range Control. DPTMS Range Control has authorized warming and cooking fires at numbered ponds and landings provided the below listed precautions are met:

(1) Fires are attended at all times.

(2) Area all the way around fire has been cleared of all dry or dead vegetation to a distance of three feet.

(3) Before departing area, hot coals will be soaked with water, stirred and soaked again. When smoke ceases to rise from coals, spread a light cover of dirt over the remains when possible.

(4) Only dead and down wood will be used for fuel. Cutting of live trees is not authorized.

5-4 DUDS

a. A "dud" is an explosive munition (ammunition, explosive, or other dangerous material) that has not been armed as intended, or that has failed to explode after being armed. Included are such items as tank and artillery rounds, blasting caps, dynamite, flares, rockets, grenades, chemical munitions, and similar devices.

b. "Duds" can be extremely sensitive; hence, are deadly and must not be handled by anyone other than Explosive Ordnance Disposal (EOD) personnel. When a dud is discovered, the spot should be plainly marked and the location reported to 911 Central Dispatch at 767-2822/2823/2824, DPTMS Range Control, telephone 435-8184/8777; the EOD, 767-8717/8718 or 368-6529; or the Military Police Desk Operations, 767-4895/2965 and HAAF MP's at 315-6133.

5-5 FIREARMS SAFETY ZONES

a. By State law, "It shall be unlawful for any person to hunt, with or without dogs, any wildlife upon any public road in this State. It shall also be unlawful for any person while hunting to discharge any weapon across any public road in this State," (Title 27, Chapter 3, Section 10, Official Code of Georgia Annotated). For the purposes of this regulation "public" roads on FS/HAAF include the State highways, county roads, FS/HAAF numbered roads, and established trails as defined in paragraph 3-2a(2) of this regulation.

b. It shall be unlawful for any person to discharge any firearms for any purpose within 100 meters (about 109 + yards) of any designated recreational area (except for authorized training and firing ranges), pond or lake (except for waterfowl hunting as stated in paragraph 2-1F of this regulation, building or similar structure, aircraft facility, ammunition storage areas, stage or landing field in use, or cantonment area. It shall be unlawful for any person to discharge any firearms for any purpose within 200 meters of the Holbrook Pond Recreational Area/Campground.

5-6 REQUIRED CLOTHING

Every person accessing the training areas for recreational activities in an area where big game firearms are allowed for hunting for that day shall be required to wear a total of 500 square inches of hunter orange as an outer garment above the waistline, and may include a head covering. EXCEPTIONS: Turkey hunters, dove hunters, and persons in areas designated for bow hunting only (FS/HAAF) are not required to wear hunter orange. Waterfowl hunters must wear 500 square inches of hunter orange as an outer garment while walking to and from their blinds, but may remove it once they are at their blind/stand.

5-7 HUNTING SAFETY

Faithful adherence to the essentials of safe hunting will prevent accidents and injuries and make this old and honored sport a safer, more enjoyable pastime for everyone. Know your gun and handle it properly. Fulfill your responsibilities as a safe hunter.

a. Before you start on a hunting trip:

(1) Ensure some responsible person knows, in detail, where you will be hunting and your estimated time of return. Report back to your contact person, either personally or by telephone, upon your return. It shall be the hunter's responsibility to have their contact person call the Conservation Law Enforcement Office at 435-8013/8021/8032 if the contact person determines that the hunter has not reported back to them by the designated time. If no answer at Conservation Law Enforcement Office, call Central Dispatch at 767-2822/2823/2824 or the MP Desk at 767-4895/2965. When notified by the contact person it shall then be the responsibility of the Conservation Law Enforcement Office to conduct search and rescue efforts to account for the missing hunters.

(2) Ensure that you know and understand the applicable rules and regulations.

b. Any person who causes or is involved in a hunting accident in which another person is injured or killed, must identify themselves, give what assistance they can to the victim, and immediately report the accident by the fastest means. See paragraph 5-2 of this regulation for accident reporting and appropriate phone numbers.

CHAPTER 6 - SPECIAL NOTICES

6-1 RECOVERY OF STRAY DOGS

Dog owners who believe or know their hunting dogs have entered onto an area of the Installation will contact the DES Conservation Law Enforcement Branch at 435-8013/8021/8032 for an escort to help locate the dogs. If no answer, call FS Central at 767-2822/2823 and ask the operator to make contact with a Conservation Agent. Individuals requesting an escort will provide a copy of their hunting club's dog hunting permit to the Conservation Agent providing the escort. Individuals being escorted will remain in close proximity to the Conservation Agent to prevent the individuals from entering live fire areas and to avoid interference with other military training. Hunting dogs otherwise captured by law enforcement officials on FS will be impounded at the Post Stray

Facility and the dog owner notified. Violators of Georgia Code 27-3-17 and the implementing Georgia Hunting Regulation 391-4-2-17 may be subject to penalties for violations of Georgia State law. Individuals in possession of deer hunting dogs while on FS/HAAF without an approved escort will be charged with hunting deer with dogs on FS/HAAF. While searching for dogs, the dog owners must not have a weapon in their possession or within their vehicle. All personnel must access the Installation at established security gates. Such individuals must wear 500 square inches of fluorescent orange material as an outer garment, above the waistline. This restriction does not apply to personnel residing on the Installation who are searching for lost pets in the cantonment area.

a. An administrative fee will be levied against owners of impounded animals to defray the costs of handling, impounding, boarding, and inoculating such animals. For more details see 3 ID and FS Regulation 40-12.

b. DES Animal Control personnel will attempt to capture animals showing unusual or threatening behavior (suspected of having rabies) or that has bitten a person and impound the animal at the Post Stray Facility. Such animals will be killed only if they cannot be safely captured alive. If it is necessary for a law enforcement officer to kill a suspected rabid animal, care should be taken not to destroy or injure the head. Any killed animal, suspected of being rabid, shall immediately be delivered to the Veterinary Clinic. Any suspicious animal shall be reported to the Military Police Desk Operations, telephone 767-4895/2965 and 352-6133/6134/6135.

c. Individuals who are apprehended for killing dogs, whether the dogs are attended or unattended, collared or unmarked, are subject to revocation of hunting permit (see Appendix B) and prosecution. This does not apply to the killing of coy dogs (coyote-dog cross) and coyotes.

d. If unattended (stray) dogs are observed, please report the following facts to the Military Police Desk Operations, telephone 767-4895/2965 and HAAF MPs at 352-6133/6134/6135 or to the Pass and Permit Office, 435-8061:

(1) Brief description of dog (color, size, etc).

(2) Location of dog.

(3) Time observed.

(4) Did dog appear rabid?

6-2 LITTERING OR DUMPING

a. It is unlawful for any person or persons to dump, deposit, throw or leave, or to cause or permit the dumping, depositing, placing, throwing, or leaving of litter on any part of the Installation, to include any waters within the Installation boundary. Persons who camp on the Installation will police all trash within 25 feet of their campsite. Litter in this area is the campers' responsibility regardless of how it got there.

b. The word "litter" means all rubbish, waste material, cans, refuse, garbage, trash, debris, dead animals, or discarded materials of every kind and description.

c. Litter should be placed into a litter receptacle. Authorized persons and military units may use the Post Sanitary Fill provided restrictions on such use are observed.

d. Military and civilian violators may be subject to prosecution and administrative action, to include the administrative suspension of the privilege to hunt and fish on this Installation, IAW paragraph 1-4 of this regulation, which outlines the enforcement mechanism.

6-3 ACCIDENTAL COLLISION WITH A DEER OR HOG BY MOTORIST

Any person, who, while driving a motor vehicle, is involved in a collision with a deer or hog, shall immediately notify the appropriate agency at 767-2822/2823/2824 or Military Police Desk, Operations at 767-4895/2965 and HAAF MPs at 362-6133/6134/6135. The carcass of any such deer or hog shall be given to the motorist involved, IAW Title 27, Chapter 3, Section 47 of the Official Code of Georgia Annotated. If the motorist involved does not want the carcass, the carcass will be disposed of at the Installation sanitary landfill.

APPENDIX B - VIOLATION/OFFENSE AND SUGGESTED PERIOD OF SUSPENSION

- No State Hunting or Fishing License: 1 year
- No FS hunting or fishing permit: 1 year
- Trespassing on a military Installation: 1 year
- No area access pass: 6 months
- Failure to check-out of a hunting area: 7 days
- Use of altered or changed State or FS documents (Hunting or Fishing License/ permit, access pass, etc.): 1 year
- Making false statement in obtaining a permit or pass: 6 months
- Hunting or fishing in wrong area: 60 days
- Hunting or fishing in unauthorized, restricted or closed area/intensively managed waters: 2 years
- Aiding and abetting juvenile violator: Same as violator
- Aiding and abetting adult violator: Same as violator
- Failure to fill out and punch big game "kill" tag: 6 months
- Failure to check in big game: 6 months
- Illegal night hunting: 2 years
- Illegal (unlawful) possession of game or non-game animal: 2 years
- Illegal use of traps, snares, pitfalls, and similar devices: 2 years
- Illegal killing of antlerless or doe deer: 1 year
- Killing of birds and animals from power boats, sail boats, motor vehicles, or horseback: 1 year
- Hunting with dogs (except authorized pointers and retrievers): 1 year
- Use of explosives or poisons to kill wildlife: 2 years
- Possession or killing of threatened or endangered species: 2 years
- Hunting wildlife out of season: 1 year
- Transporting a loaded weapon in or upon a vehicle, powered watercraft or horse: 90 days
- Exceeding game bag limit: 6 months
- Discharge of firearm in a restricted, off-limits or firearms safety-zone: 6 months

- Failure to wear required clothing (fluorescent orange): 1 year
- Resisting or interfering with apprehension (arrest): 1 year
- Overrunning or bypassing roadblock or barrier: 6 months
- Refusal to submit to examination of license, permit, tag, pass, and/or wildlife: 1 year
- Unlawful use of another's hunting license and/or document: 90 days
- Use or possession of commercial fishing equipment: 1 year
- Exceeding creel limits: 6 months
- Use of trotlines, set hooks, etc., in managed waters: 6 months
- Unattended trotlines, set hooks, etc., or exceeding 50 hooks: 60 days
- Failure to promptly report accident, casualty or fire: 90 days
- Littering or dumping: 1 year
- Failure to comply with watercraft safety rules, regulations or restrictions: 60 days
- Hunting or fishing or operating vehicle or watercraft while intoxicated: 6 months
- No hunter safety card on person: 30 days
- Operating an Off-Road Vehicle (ORV) or All Terrain Vehicle (ATV) in violation of FS Reg 420-4: 1 year
- Possession of buckshot (except on managed hunts): 60 days
- Possession of a concealed weapon: 1 year
- Possession of a firearm while hunting with bow and arrow: 2 years
- Attempting to conceal or possession of illegally taken wildlife: 2 years
- Purchasing a hunting license without hunter safety certification: 1 year
- Removing the head of a deer: 1 year
- Taking of deer in a lake, stream, or pond: 1 year
- Unlawful enticement of game (baiting): 2 years
- Unplugged shotgun: 60 days
- Unsupervised hunting (under 16 years of age): 30 days
- Use or possession of illegal weapons for hunting wildlife: 1 year
- Failure to turn in the "Deer/Hog Harvest Record" or the "Turkey Harvest Record" at the end of the respective season: 1 year

- No FS Deer/Hog/Turkey Harvest Record on person: 30 days
- Failure to tag turkey with a FS Turkey Tag: 6 months
- Failure of a hunter to check out of the area by the required time (first offense): 7 days
- Failure to possess a valid Hunter Safety Certificate (first offense): 10 days
- Failure to properly complete the FS Game Harvest Card: 30 days
- Hunting, trapping, collecting, or possessing any venomous snake: 2 years
- Taking (killing, trapping, shooting, wounding, collecting, capturing, harming, harassing) any unauthorized animal: 2 years
- Release of wild or domestic animals onto the Installation: 2 years
- ◆ Removing, picking or digging up any state or federally protected plant species: 2 years
- Other violations of laws, rules or regulations: 60 days
- No license on person: 6 months.
- Possession of bait: 1 year.
- Violation of horseback riding SOP: 6 months.

NOTE:

1. For those marked with a diamond (◆), the second or subsequent identical offense/violation will result in permanent revocation of hunting and fishing privileges.

2. For the second or subsequent identical offense/violation the suspension period will be doubled (except as indicated in 1 above).

3. Suspension or revocation of hunting and/or fishing privileges may be imposed independently of any disciplinary or judicial action imposed based on this regulation.

4. For those offenses that are also violations of State or Federal law, suspension of FS/HAAF hunting and fishing privileges maybe invoked in addition to any penalties imposed by State or Federal authorities.

APPENDIX C. LEGAL HUNTING WEAPONS FOR FS/HAAF

SPECIES	TIME PERIOD	LEGAL WEAPON
FERAL HOG	SMALL GAME SEASON THRU DAY BEFORE DEER BLACK POWDER SEASON	SMALL GAME WEAPONS*
	BLACK-POWDER SEASON	BLACK POWDER RIFLES
	DEER FIREARMS SEASON	BIG GAME FIREARMS**
	DAY AFTER DEER FIREARMS SEASON THRU END OF SMALL GAME SEASON	BIG GAME FIREARMS***
	DAY AFTER SMALL GAME SEASON THRU DAY BEFORE TURKEY SEASON	BIG GAME FIREARMS
	TURKEY SEASON	ARCHERY****
	DAY AFTER TURKEY SEASON THRU DAY BEFORE OPENING OF SMALL GAME SEASON	BIG GAME FIREARMS
COYOTE	SMALL GAME SEASON THRU DAY BEFORE DEER BLACK POWDER SEASON	SMALL GAME WEAPONS*
	BLACK-POWDER SEASON	BLACK POWDER RIFLES
	DEER FIREARMS SEASON	BIG GAME FIREARMS**
	DAY AFTER DEER FIREARMS SEASON THRU END OF SMALL GAME SEASON	BIG GAME FIREARMS***
	DAY AFTER SMALL GAME SEASON THRU DAY BEFORE TURKEY SEASON	BIG GAME FIREARMS
	TURKEY SEASON	LEGAL TURKEY WEAPONS*****
	DAY AFTER TURKEY SEASON THRU DAY BEFORE OPENING OF SMALL GAME SEASON	BIG GAME FIREARMS

*Small Game Weapons-Any .22-cal or smaller rim-fire rifle or handgun, or air rifle, or any shotgun having a shot-shell size 3.5 inches or smaller in length with # 2 or smaller shot, or any black-powder shotgun loaded with #2 shot or smaller. Contrary to state law, black-powder rifles are not considered small game weapons on FS/HAAF.

**Big Game Firearms-Any .22-cal or larger center fire rifles with expanding bullets, and any shotgun 20 gauge or larger loaded with slugs, or any muzzle-loading rifle (scopes allowed) or pistol .44-cal or larger. Use of buckshot is prohibited.

***Hunting with big game firearms is allowed only in certain areas during this period. Hunters using big game weapons must check in to hunt "hogs" or "coyotes", not "small game". The automated system will not allow hunters to check in to hunt "hogs" or "coyotes" in areas where hunting with big game weapons is not authorized. Hunters checked in to hunt "small game" may take hogs or coyotes with small game weapons. Areas designated for hog hunting with big game weapons will be jointly agreed to by DPW, DFMWR, and DES staff prior to the start of big game season. Unless agreed otherwise, areas east of Hwy 119 will be open for big game weapons in the 2011-12 hunting season, and the designation will alternate between areas east and west of Hwy 119 in subsequent years.

****Hogs may only be hunted in "Archery Only" areas during turkey season. Turkey hunters may take coyotes using turkey weapons in "Rifle" and "Shotgun" areas.

*****Turkey Weapons-Modern Shotguns and muzzle-loading shotguns with # 2 shot or smaller. Long bows, compound bows, and crossbows with scopes are allowed.

APPENDIX D - INTENSIVELY MANAGED WATERS

SECTION I - HAAF

The intensively managed waters at HAAF are:

- a. Pond 24 (Halstrom Pond, Perimeter Road).
- b. Pond 29 (Oglethorpe Lake, Hickam Circle).
- c. Pond 35 (Wilson Gate Pond, Perimeter Road).

SECTION II - FS

The intensively managed waters on FS are:

- a. Pond 1 (Pineview Lake, FS Road 2).
- b. Pond 2 (Glisson's Mill Pond, FS Road 129).
- c. Pond 3 (Holbrook Pond, FS Road 48).
- d. Pond 10 (unnamed borrow pit, FS Road 40).
- e. Pond 16 (Little Metz Pond, FS Road 6).
- f. Pond 17 (Daisy Pond, FS Road 17).
- g. Pond 19 (Evans Field Pond East, FS Road 102).
- h. Pond 20 (Evans Field Pond West, FS Road 102).
- i. Pond 21 (Richmond Hill Pond West, FS Road 58).
- j. Pond 22 (Richmond Hill Pond Middle, FS Road 58).
- k. Pond 23 (Richmond Hill Pond East, FS Road 58).
- l. Pond 26 (Big Metz Pond, FS Road 6).
- m. Pond 28 (Dogwood Lake, FS Road 106).
- n. Pond 30 (Cedar Bay East Pond, GA Highway 144 west)
- o. Pond 31 (Cedar Bay Middle Pond, GA Highway 144 west).
- p. Pond 32 (Cedar Bay West Pond, GA Highway 144 west).
- q. Pond 34 (Taylor's Creek Pond, GA Highway 119 north).

SECTION II - TERMS

Adult Dependent

Any member of a family 18 years of age or older that is claimed as a legal dependent by Title 37, United States Code, Section 401 (dependency proof must be furnished).

Adult Supervision

Under command and control of a person 18 years of age or older, with the minor being within sight or hearing distance of such person.

All Terrain Vehicles (ATVs)

Four-wheeled, all terrain cycles and two-wheeled all terrain motorcycles.

Animal

Any species of the animal kingdom, including all species of mammals, fish, reptiles, amphibians, annelids (i.e., worms, etc.) and arthropods (i.e., insects, crustaceans, etc.).

Area Access Pass

Document issued without charge granting access for a specific recreational purpose to specific area or areas for a specified period of time; or an automated approval (i.e., electronic/telephonic authorization) granting access as described above. Access passes are required for all hunting, fishing and recreational uses on the Installation. An access pass is valid only after the individual obtains authorization to enter an area via the automated pass and permit system. Hunting access passes will be issued for one day and one area only.

Baiting

It shall be unlawful for any person to place, expose, deposit, distribute, or scatter any corn, wheat, or other grains, salts, apples, or other feeds or bait so as to constitute a lure or attraction or enticement for any game bird or game animal on or over any area where hunters are or will be hunting. While on Fort Stewart or HAAF you may not be in possession of these baiting items.

Big Game

Deer and turkey

Blackout Drive

A military activity whereby wheeled or tracked vehicles operate at night without headlights or parking lights.

Cantonment

That area on the Installation that contains barracks, motor pool, housing, shopping facilities, military and civilian offices, etc.

Creel Limit

The total number of fish of a particular species that a person may take in one day or possess at any one time except at one's place of abode or a commercial storage facility.

Dependent Children

All single children, stepchildren, natural or adopted, of a permitted sponsor who have not attained the age of 18. However, if the child is under 24 years of age and a full-time student for some part of each of five months during the year, the child can claim dependency for the purpose of using the sponsor's hunting and/or fishing permit.

Dependent Child Permit

A no cost hunting and/or fishing permit issued to all dependent children of a parent or legal guardian who has purchased a valid FS/HAAF hunting or fishing permit or issued to a child under 16 years of age whose parent or legal guardian has granted permission for another permitted

adult to take the child fishing or hunting. All children under 16 years of age must carry this permit on their person while hunting or fishing. All children 16 years of age or older must carry it on their person while hunting or fishing. The Dependent Child Permit will be issued upon the request of the permitted sponsor or when a non-permitted parent or guardian signs a Hold Harmless Agreement allowing their child to hunt or fish under another adult's permit.

Disabled Person

An individual with a significant ambulatory impairment of a permanent and total nature is either certified as such by the Department of Veterans Affairs, Social Security Administration, Medicaid, Medicare, or Railroad Retirement System, or possesses a Handicapped Parking Permit issued by the Georgia State Patrol.

DIV Light Line/Night Movement Area

All areas west of GA Highway 119 and north of GA Highway 144 and all firing ranges, where blackout drive is used by military vehicles.

Established Trails

Those numbered and unnumbered roads that either:

- (1) Receive maintenance from the US Army for the purpose of access; or
- (2) Are repeatedly used by wheeled vehicles during military training exercises or other wheeled vehicles used in the performance of official duties (I.E., Forestry and Wildlife Management, log trucks, etc.). Trails created and primarily used by tracked vehicles are NOT considered established trails for the purpose of this regulation.

Family Members

A family member is defined as:

- (1) The spouse of the sponsor permit holder.
- (2) The dependent parents or children of the sponsor permit holder or his/her spouse as defined by Title 37, United States Code, Section 401 (dependency proof must be furnished).
- (3) The child or stepchild, natural or adopted, of the permit sponsor or his/her spouse. The child must be a legal dependent, single, and under 18 years of age. However, if the child is under 24 year of age and a full-time student for some part of each of five months during the year, the child can claim dependency and be classified as a "family member" for the purpose of using the sponsor's hunting or fishing permit. All military family members possessing a valid Military Dependent Identification Card, regardless of age are classified as "family members".

Federal Officer

Any law enforcement officer awarded federal arrest authority whose enforcement jurisdiction is limited to federal properties and facilities.

Fish or Fishing

To catch, capture, take, or kill fish and all seafood and includes all lesser acts such as attempting to catch, capture, or kill by any device or method and every act of direct assistance to any person in catching or attempting to catch fish or seafood.

Fishing Permit

The document issued for a fee, granting permission to fish on this Installation.

Frog Gigging

To pursue, stab, kill, take or capture frogs. Most commonly applied to spearing frogs with a three prong, long handled fork.

Game Fish

Game fish on FS/HAAF constitute the following fish:

- (1) Largemouth bass;
- (2) Striped bass or striped bass-white bass hybrid;
- (3) Crappie (white or black crappie);
- (4) Shad (American shad or hickory shad)
- (5) Sunfish or bream (bluegill sunfish, red-ear sunfish, redbreast sunfish, warmouth, spotted sunfish, or flier);
- (6) Pickerel (chain pickerel, redbfin pickerel, or grass pickerel);
- (7) Catfish (channel catfish, blue catfish, or white catfish).

Helper-Companion

An individual who is needed to support, care for, or assist a disabled person in carrying out normal daily activities and becoming functional at that activity.

Honorary Category

Individuals over 65 years of age or individuals who are permanently totally disabled. Proof of age or disability must be provided. Persons disabled because of a mental impairment shall be issued an honorary fishing permit only.

Hunt or Hunting

To pursue, shoot, kill, take, or capture wildlife. This term also includes acts such as placing, setting, drawing, or using any device used to take wildlife, whether any such act results in taking or not, and includes every act of assistance to any person in taking or attempting to take such wildlife.

Hunting Permit

The document issued for a fee, granting permission to hunt on this Installation.

Hunting Seasons

That period of the year when hunting a specific game bird or animal is permitted under the law.

Intensively Managed Waters

Any pond listed at Appendix D of this regulation. These waters receive the following management actions: stocking with fish, liming, fertilizing or feeding, and treatment with aquatic herbicides, as a minimum.

Minor Dependent

Any member of a family under 18 years of age that is claimed as a legal dependent by Title 37, United States Code, Section 401 (dependency proof must be furnished).

Open Area

Training areas that are available for recreational use, subject to fulfillment of an individual's permit, license and area access pass requirements.

Privately Owned Motorized Land Vehicle

Any land vehicle powered by electricity, internal combustion engine, or anything other than human power, not owned or authorized for use by the United States Government. Examples include cars, trucks, motorcycles, and off-road vehicles such as four-wheel all terrain vehicles.

Size Limit

The minimum length allowable for a fish in a person's possession. Fish smaller than this size must be returned to the water unharmed as soon as they are landed.

Slot Limit

A size range of fish that may NOT be possessed. For example, a "Slot Limit" of 12 to 15 inches means that fish smaller than 12 inches or larger than 15 inches may be kept, but fish between 12 inches and 15 inches in size must be returned to the water unharmed.

Unloaded Weapon

A shotgun, centerfire or rimfire rifle, or handgun that does not have any ammunition in the chamber, magazine or cylinder. A muzzleloader weapon that does not have a percussion cap affixed to or resting on the weapon's nipple.
